Choose the rating that most accurately describes the contractor's performance or situation. Use the following descriptions as guidance in providing ratings. For each question, please place an "X" in the box corresponding to the rating. Please provide narrative explanations for any ratings of **"Substantial Confidence"** or **"No Confidence."** Indicate non-applicable items as N/A.

The narrative explanations need not be lengthy, just detailed, clear and concise and provided at the end of the questionnaire. Guidelines for Ratings are provided in the table below:
